tcs  
**EngiNX** 2019  
Engineering for Next Generation

**DIGITAL EMINENCE**  
Making Things Smart

TCS EngiNX is a National Level Core Engineering Innovation Contest for engineers from batch of 2020 & 2021. With 'Digital Eminence' as this year's theme, the contest aims to bring out the best of talent among young students.

We want them to witness the real world engineering challenges and how we set new standards of innovation in IoT, Data Analytics and Cognitive Systems.

Ask your students to register now <https://on.tcs.com/2NdYGHX>

Engineering students of Batch  
2020 & 2021 are eligible to apply

Job Offers/Internship Opportunities  
for the finalists

Mentoring support with Engineering  
Stalwarts at TCS

Prizes worth 8 Lakhs to be won  
by the teams
