

National Nutrition Week

1st to 7th September

ORGANIZED BY
DEPARTMENT OF MICROBIOLOGY AND
FST(FOOD SCIENCE & TECHNOLOGY)
GITAM INSTITUTE OF SCIENCE

National Nutrition Week is celebrated each year from 1st September to the 7th September to aware the people about health and well-being. The campaign was first started by the central government in the year 1982 in order to encourage the good health and healthy living through the nutrition education as the malnutrition is the main obstruction to the National Development. As a part of National Nutrition Week the Department of Microbiology and FST(Food Science and Technology) is organizing a one day awareness program in Zilla Parishad High School, Yendada. The program is designed to bring awareness among students on various aspects of nutrition and its importance. The program is proposed to be conducted on 07th of September 2019 and more than 40 students (M.Sc FST III semester) from FST will be participating.
