

Call for Papers

The Department of Electrical, Electronics and Communication Engineering, GITAM Institute of Technology, GITAM (Deemed to be University), Visakhapatnam, India, invites academicians, scientists, research scholars and students to submit their research papers in the following or related themes:

- Analog, Digital and Mixed Signal Circuits
- Analog and Digital Signal Processing
- Optical Communications and Networks
- Microwave and Millimeter Wave Circuits
- Advanced Control Systems
- Power and renewable energy sources
- MEMS and NEMS
- Cloud Computing & Big Data
- Wireless Communications
- VLSI/Embedded Systems
- Antenna theory
- RF Circuit Design
- Internet of Things(IoT)
- Power systems & Power grid
- Global Positioning System(GPS)
- AI and Machine Learning

➤ Submission of papers

Last date of full paper submission November 14th,2019
Acceptance of papers November 21st,2019
Registration dead line December 1st,2019
Conference dates December 13th&14th 2019

***** All accepted papers will be published in Scopus indexed journal**

Fee Details:

REGISTRATION	FEE
Industry person	:Rs.4000/-

About GITAM

During the past 39 years, GITAM has been committed to excellence in higher education foraying into diversified disciplines of learning. It has steadily evolved into a world class university recognized for the experiential learning it offers, the competent and compassionate faculty, the stellar research laboratories, academic vibrancy and cosmopolitan culture. Late Dr.M.V.V.S. Murthi, visionary, industrialist, educationist, philanthropist and former parliamentarian had been guiding the destinies of the University since its inception. The university has three campuses - its main campus at Visakhapatnam, off campuses at Hyderabad and Bengaluru. Now under the leadership of Honorable president Sri. M.Sri Bharat, GITAM has become a diverse and dynamic undergraduate, post graduate and research institution and has in fact brought Visakhapatnam region to the forefront of higher education.

About GITAM Institute of Technology

GITAM Institute of Technology (GIT) was established in the year 1980. Over the years the Institute made a niche in engineering education at the all India level as certified by various bodies over a period of time. With a complement of highly qualified teachers, skilled technical staff, state-of-the-art laboratories and learning resources, GIT is globally recognized as a premier institute in technology and engineering. At present there are strong dedicated and committed faculty in various branches of engineering. Many faculty members have made significant contributions both at the National and International levels. Currently, GIT offers nine undergraduate and fifteen postgraduate programmes in various Engineering disciplines. GIT also offers Doctoral(Ph.D) programmes in all engineering disciplines. Intensive institute industry interface enables the students to have hands-on experience which strengthens their employment potential. The faculty are active in research and have published a good number of research papers with high impact factor and undertook several research projects funded by UGC, DST, DBT, FST, HPCL, DRDO, etc. The Institute has successfully completed a good number of consultancy assignments in government, public and private sector organizations, such as Visakhapatnam Port Trust, Steel Plant, HPCL, etc. The Institute has a strong alumni base who are occupying leadership positions in government, administration, industry and research organizations across the globe. The Institute has been giving top priority to establish and strengthen a network of alumni, associating them in the academic activities particularly in curriculum design and campus placements.

About Department of EECE

The department started in the year 1981 with a four year undergraduate programmes in ECE, EEE & EIE. These programmes have become autonomous in 2003-04. The department is NBA accredited twice. The department also offers full time M.Tech programmes in RF & Microwave Engineering (RF&ME), Embedded Systems, EDT, Power Systems & Automation and VLSI design and communication systems. The department also offers Ph.D Programme to carryout research in the areas of Microwave Engineering, Wireless Communication, VLSI Design and Signal Processing. The department frequently organizes workshops, Conferences and certificate courses in Communication Systems, VLSI Design, MATLAB, Microwave Circuit Design etc. All the faculty members are active in carrying out their research and publish their research findings in referred journals and conferences very frequently. The department is also offering Certificate courses in VLSI Design and Communication Systems.

About the Conference

The Two Day National Conference on Advances in Communication Technologies (NCACT) aims to create a platform for the researchers, students and engineers to share and discuss their ideas on current challenges in the field of Communications and allied areas. The conference also offers a series of lectures by eminent Professors and Scientists.
