ADDA: FACULTY RESEARCH SEMINAR

VIDYA KAMATH

is an Architect, Industrial designer, and Associate Professor at TKMSA Kollam. She holds a B.Arch from TKMCE Kollam and a Master's in Industrial Design from SPA Delhi. With a UX design stint at Infosys Ltd. Bangalore, and later on being a part of the architectural practice Design Research Foundation at Kollam, Kerala, She advocates for merging academia and practice. Her work emphasizes cost-effective, sustainable designs aligned with evolving AEC industry trends.

AN EXPLORATION OF ARTIFICIAL INTELLIGENCE
WITH ARCHITECTURE

Exploring AI integration in architectural education, this study focuses on design studios. AI introduces new dimensions to creativity, transforming pedagogy. Emphasizing collaboration between human intuition and AI insights, it envisions a balanced, ethical approach. Drawing from architectural practices, the study envisions AI enhancing traditional educational goals and skills, fostering innovation in design thinking.

01.03.2024 4:00 pm - 5:00 pm
